ABU DHABI VILLA

Founded in 2017 by Masoomeh Hilal, MH Design is built on over 15 years of experience in interior design within the vibrant city of Dubai. What began as a homegrown venture has evolved into a leading force in delivering full turnkey interior design solutions across both residential and commercial sectors, supported by a dedicated team of talented, passionate, and skilled professionals.

MH Design offers a signature modern style, characterized by clean lines and sophisticated elegance. Their personal design philosophy is rooted in a commitment to high-quality craftsmanship and meticulous attention to detail. They work closely with each client to ensure that their space is not only aesthetically pleasing but also deeply reflective of their unique tastes and needs.

Every project is a testament to MH Design's dedication to creating interiors that are both beautiful and functional.

Masoomeh Hilal was born and raised in Pakistan but has called Dubai home for over 19 years. Her children were born here, and this dynamic city has become a cherished part of her family's life.

Having lived in Pakistan, the Middle East, and China—three regions rich in culture and history—Masoomeh's passion for design, art, and lifestyle has been profoundly shaped by these diverse experiences. As an avid traveler, she draws inspiration from her adventures, immersing herself in local architecture, interior design, art, and cultural scenes. This global perspective has given her a deep appreciation for how each place maintains its unique identity in an increasingly interconnected world.

Masoomeh's deep-seated curiosity and love for design naturally led her to study, work, and collaborate with other interior designers before founding her own firm. Her approach to design is highly personal and client-centered. She takes great pride in working closely with her clients to fully understand their vision and needs, guiding them toward realizing their dream spaces.

This haven of contemporary elegance and intimate charm by MH Design (Interior Design & Styling) is nestled in the heart of Abu Dhabi. This villa was meticulously curated to create a luxurious retreat for a newlywed couple seeking a harmonious blend of modernity and warmth. From the inviting living spaces to the enchanting bedroom sanctuary, each area is thoughtfully designed to embrace a timeless aesthetic.

Rich, sumptuous fabrics mingle with tasteful contemporary furnishings, creating an ambiance that celebrates both functionality and allure. The villa's atmosphere is further elevated by carefully curated lighting, artful décor pieces, and thoughtful spatial arrangements, fostering an environment conducive to both relaxation and entertainment.

Mushrif Villa, Abu Dhabi

This project by MH Design (Masoomah Hilal and her team) is a tribute to timeless elegance, reimagined for contemporary living.

Drawing inspiration from the grandeur of classic Parisian interiors, it masterfully blends the romance of intricate detailing, soft neutral tones, and herringbone flooring with the bold sophistication of modern furniture and statement lighting.

The result is a seamless fusion of tradition and innovation—warm, stylish, and functional. Every design element has been carefully selected to create a refined yet welcoming space, evoking the charm of a Parisian dream.

Here, history and modernity come together, transforming everyday living into an art form.
